		-----		
	Liz Sims			

4 Woods Challenger's name in Red

Rules for Yardstick. Please Read

1. The winner will be the first player to score 21 shots.
2. The aim is for the wood to come to rest within 1 yard of the Jack on delivery. All such woods will remain on the green irrespective of the jack subsequently being moved
3. All woods which do not come to rest within a yard of the jack will be removed immediately (with the exception of 'touchers' - they will remain on the green)
4. At the completion of the end, only the woods which are within 1 yard of the jack will be counted.
